

# Accessibility Report

## Home Page

The screenshot shows a browser window with three tabs: "NEU Rate My Professor", "YouTube", and "Channel content - YouTube Studio". The main content area displays the "NEU Rate My Professor" website. The page features a search bar with placeholder text "Type professor's name" and a magnifying glass icon. Below the search bar is a blurred background image of books on a shelf. A large chalkboard in the foreground displays the professor's name "Neda Changizi", course "Course: CS-5500", rating "Rating: 4", and comment "Comment: 5500 course is good". On the right side of the page, there is a green circular badge with the number "100" and the word "Accessibility". Below this, a section titled "Accessibility" contains text about opportunities to improve accessibility and a link to "conducting an accessibility review". There are also sections for "ADDITIONAL ITEMS TO MANUALLY CHECK (10)", "PASSED AUDITS (21)", and "NOT APPLICABLE (23)". At the bottom of the audit report, it says "Generated by Lighthouse 9.4.0 | File an issue".

## Error Page

[Back to home](#)

**Accessibility**

These checks highlight opportunities to [improve the accessibility of your web app](#). Only a subset of accessibility issues can be automatically detected so manual testing is also encouraged.

**CONTRAST**

Background and foreground colors do not have a sufficient contrast ratio.

These are opportunities to improve the legibility of your content.

**ADDITIONAL ITEMS TO MANUALLY CHECK (10)**

These items address areas which an automated testing tool cannot cover. Learn more in our guide on [conducting an accessibility review](#).

**PASSED AUDITS (16)**

**NOT APPLICABLE (27)**

# New Professor Page

The screenshot shows a web browser window with three tabs: 'NEU Rate My Professor', 'YouTube', and 'Channel content - YouTube Studio'. The main content area displays a form titled 'No professor found?' with fields for 'First Name' and 'Last Name', both of which are empty. Below the fields, a message says 'All fields are required'. A large 'Submit' button is at the bottom. To the right of the form, the Lighthouse audit results are shown. The overall score is 90. The audit sections include:

- Accessibility:** Checks for opportunities to improve accessibility. It highlights that some ARIA IDs are not unique.
- ARIA:** Opportunities to improve ARIA usage for assistive technology.
- NAMES AND LABELS:** Opportunities to improve the semantics of controls.
- ADDITIONAL ITEMS TO MANUALLY CHECK (10):** Items that an automated tool cannot cover.
- PASSED AUDITS (15):** A list of passed audits.

At the bottom of the browser window, there is a dark bar with the text 'Copyright © 2022 NEU Rate My Professor'.

# Profile

The screenshot shows a web browser window with two tabs open. The left tab displays the user profile for 'Amy' with fields for Nickname, Email, and Campus. The right tab shows the Lighthouse accessibility audit results for the same URL. The audit score is 100. The report includes sections for Accessibility (with a green circle icon), Additional items to manually check (10), Passed audits (19), and Not applicable (25). The audit details section lists various test results, including capture information, emulated desktop settings, and browser usage.

## Rating Details

This screenshot shows a web browser with two tabs. The left tab shows a rating detail page for a professor named 'Test Test' with a rating of 3.3/5. The right tab shows the Lighthouse accessibility audit results for the same URL. The audit score is 100. The report includes sections for Accessibility (with a green circle icon), Additional items to manually check (10), and Passed audits (19). The audit details section lists various test results, including capture information, emulated desktop settings, and browser usage. Below the tabs, a Mac OS X dock is visible with various application icons.

# Search Results

The screenshot shows a Chrome browser window on a Mac OS X desktop. The title bar reads "NEU Rate My Professor". The address bar shows the URL "neu-rate-my-prof.herokuapp.com/search/test". The page content displays search results for professors:

Professor Name	Rating	Comments
Addprof Test	Rating: / 5	0 student commented on this professor.
Addprof Test	Rating: 4 / 5	2 students commented on this professor.
Test Test	Rating: 3.3 / 5	6 students commented on this professor.
TestServer TestServer	Rating: 3 / 5	4 students commented on this professor.
TestServer1 TestServer1	Rating: 5 / 5	1 student commented on this professor.

Below the results is a navigation bar with links: "Search", "Comments", and "About". A user profile "Hello, Bobby" is visible. On the right side of the browser window, the Lighthouse performance audit tool is open, showing a score of 100. The "Accessibility" section of the audit is highlighted, with a note: "These checks highlight opportunities to [improve the accessibility of your web app](#). Only a subset of accessibility issues can be automatically detected so manual testing is also encouraged." Below this, there's a section titled "ADDITIONAL ITEMS TO MANUALLY CHECK (10)" and a "PASSED ALERTS (0)" section.
